

Pizhou Garlic: Excellent Quality

Pizhou is located in the Huanghuai region. The annual light and rainfall are very sufficient. The soil is yellow sand soil with a lot of microelements, which is very conducive to the cultivation of garlic. The city's garlic planting area is about 600,000 mu, with an annual output of nearly 800,000 tons. It is one of the main garlic producing areas in the country.

At present, Pizhou Garlic owns one well-known trademark in China, one famous agricultural product in China, five famous brand products in the province, and five famous trademarks in the province. "Pizhou White Garlic" was approved as a national geographical indication product, a national ecological origin protection product, and a top ten regional public brand for agricultural products in Jiangsu Province. In the publication of the evaluation results of regional brand value of geographical indication protection products in 2015, "Pizhou White Garlic" was selected as one of the only three geographical indication products in Jiangsu, with a brand value of 14.2 billion. Pizhou garlic exports over 350,000 tons per year, and the export value is about 300 million US dollars. The products account for 70% of the Middle East garlic market, 40% of the Southeast Asian market, 30% of the national garlic export, and more than 90% of the Jiangsu garlic export.

Pizhou black garlic is made from white garlic after aging. It is very nutritious and contains a lot of healthy substances that are beneficial to the human body. It is called "Oriental Ferrero". The content of fructose is 18 times higher than that of ordinary garlic. Not only does it have a good taste and high nutritional value, but it also has a very good role in promoting human health, protecting the heart, brain, blood vessels, digestive system, and at the same time having anti-cancer effects, so consumers are very fond of this product. It is also very popular in foreign countries. One can sell for two dollars and has the title of "soft gold". The added value is very high. In addition, there are many black garlic series products, black garlic seasoning products, black garlic wine, black garlic slices, etc., which are very popular in the market.
